Back End Developer (LAMP)

Description
Back End Developer – for an outstanding digital service business that is defining its sector on a global basis. Join an ace team of talented designers, developers and digital marketers who are transforming an offline business into an online one.

We're looking for an outstanding back end developer / engineer to join the team.

Core skills: LAMP Stack, PHP, MySQL, Laravel, Rest APIs and AWS

Based in the Capital Of the Cotswolds, Cirencester, this is an easy commute from North Wiltshire, South Oxfordshire and Worcestershire. Great working ethos and environment which offers some remote working.

We'd welcome interest from people relocating to the Cotswolds. Its not all dogs and fireplaces, this is a cracking example of a progressive, cutting edge digital technology business in the area.

Call Ian at Peachy on 07532 308 125 to discuss this role and others we have that might suit you.
